The Complete Cafe Operating Ecosystem

Everything your staff, chefs, and guests need in one unified cloud system

Dine-In QR Menu (Zero Install)

Guests scan table QR to access high-speed interactive menu. Works smoothly on iPhone Safari and Android Chrome without app downloads.

- Multi-category filtering & instant dish search
- High-res imagery with Veg/Non-Veg indicators
- Direct table routing mapped to QR code

Live Kitchen Dashboard (KDS)

Incoming orders ring in real time with distinct chimes. Staff manages ticket stages with a single tap: Accept ➔ Preparing ➔ Served.

- Instant audio alert upon incoming table orders
- Preparation timers & ticket grouping
- Chef note displays for custom spice levels

Floating Call Waiter & Service Bell

Eliminates awkward hand-waving. Guests tap the floating bell to summon servers, ask for water, extra cutlery, table cleaning, or final bill.

- 1-tap Water / Cutlery / Bill / Cleaning call
- Hotel concierge chime on admin dashboard
- Cooldown debouncer prevents customer spam

Real-Time Menu & Pricing Control

Instant control over your entire menu. Run out of avocados or milk? Mark sold out in 1 second; changes reflect live across all customer screens.

- 1-tap "Sold Out" availability toggles
- Instant price, image & description updates
- Category hierarchy management

Dynamic Offers & Popups

Boost high-margin items with automated welcome popups, combo discounts, promo codes, and scheduled weekend happy hour deals.

- Welcome promo banners on QR scan
- 1-tap coupon code copying & redemption
- Percentage or Flat order discounts

Table QR Generator & Feedback

Download print-ready high-resolution QR codes mapped to individual tables. Collect direct 5-star customer ratings right after checkout.

- Downloadable table tent & sticker QR codes
- Direct guest star ratings & food reviews
- Daily revenue reconciliation logs

EXCLUSIVE FEATURE

The "Service Bell" Hospitality Experience

Traditional QR menus leave diners stranded after ordering. With The Dining Co., guests enjoy continuous VIP service right from their phone:

Bring Water · Extra Cutlery & Napkins · Request Final Bill (Cash/UPI) · Clean Table

LIVE DESK ALERT

🔔 Call Waiter

Zero Expensive Hardware • Works on Any iPad, Tablet or Smartphone

Instant 5-minute setup. No long-term contracts. 100% cloud-hosted.
